Industry Leader in Noise Control and Architectural Specialties

WALLWORKS•ACOUSTIC•ARCHITECTURAL•PRODUCTS•INC.

- a full service company with over 20 years of experience specializing in all types of wall, floor, and ceiling finishes with expert knowledge in architectural / industrial noise control and related fields, along with all types of window coverings, stage draperies, and sound absorptive treatments.
- an international company with it's head office in Calgary, Alberta, Canada and local sales offices throughout Canada, with affiliations in the United States, the Middle East, Hong Kong, Europe and Australia.
- responsive to the client's needs, from the selection of the most appropriate product to meet the need, through the creation of project-specific drawings, manufacturing, and final installation, to ensure complete client satisfaction.
- specialists in "CUSTOM-IS-STANDARD" panel assemblies. Where a unique requirement exists, we can call upon acoustical analysis and design engineering facilities to create the perfect solution to meet all of the client's needs.

WALLWORKS•ACOUSTIC•ARCHITECTURAL•PRODUCTS•INC.

has a complete range of products and services to meet even the most demanding requirements including:

- Acoustic Wall and Ceiling Panels
- Acoustic Ceiling Baffles (both soft and rigid edge)
- Sound Diffusers and Reflectors
- Graphic Decorative Walls / Murals
- Perforated and/or Custom-Shaped Wood and Metal Panels
- Window Coverings - including Solar Blinds, Verticals, Venetians, and Curtains
- Stage Draperies and Equipment
- Cubicle Curtain Track
- T-Bar Grid and Tile (selected products only)
- Flooring and Finishes (selected products only)
- Industrial Sound Absorbers, Barriers, and Dampers
