

NANO-PERF

OPTIMIZED ACOUSTICS
ONLY YOUR EARS CAN SEE

Built on the concept of creating high performance acoustical products with exceptional aesthetic value, the WoodTrends Nano-Perf option is designed to provide the look of a solid wood panel or tile. The Nano-Perforations will virtually disappear at a minimal distance when stepping back from the product offering that desired monolithic look.

The WoodTrends Nano-Perf option is available on a number of WoodTrends products including products for both walls and ceilings including:

- **WoodTrends Basic** — Traditional drop in ceiling tiles
- **WoodTrends Elite** — Ceiling Tiles utilizing a semi-concealed grid system
- **WoodTrends Select** — Ceiling Tiles utilizing a fully concealed grid system
- **WoodTrends Linear** — Linear Wall or Ceiling Plank system
- **WoodTrends Standard** — Wall or Ceiling Panel system
